MUSEUM
OF
OLIVE OIL

Do you like to know more about extravirgin olive oil?

Come and visit the CantinArte Museum of Olive Oil in a nice village called Bucchianico, closed to Chieti.

You will spend 2 hours in a very nice and interactive way: indeed CantinArte Museum of Olive Oil is DIFFERENT from the normal museum, here we love to create interactive play with the visitors.

- The tour will start visiting an historical Oil mill built in the 1700, where it is possible to see how donkeys and men were used to make olive oil out of olives.
- We will concentrate on smell: the experience is seen as preparation to olive oil tasting .
- An Interesting and interactive lecture will be given by an expert sommelier of olive oil who will guide towards a tasting stage including different oils.
- You will discover the cycle of making olive oil, watching a video that the BBC made during the olives picking...and many other things
- At the end of the lesson you will be able to recognize the good quality of extravirgin olive oil.

We promise that you will enjoy !
